

Assistance for Virtual Programming

In this time of social distancing, connecting over virtual platforms is a blessing. Please consider making use of these tools:

Streamed worship services on Facebook Live

Every Sunday we will stream our worship service on Facebook Live at 9:30am over our [UUCM Facebook Page](#). You do not need a Facebook account to access this link live or later. Once on the page, click on "Videos." You can choose to ignore the invitation to log in. Logging in will allow you to comment on the video or chat during the live streaming, but it is not necessary for watching the worship service.

Zoom

Zoom is a free, easy-to-use platform that we will use to connect in small groups, covenant groups, virtual Connection Cafe, meetings and more. To learn about Zoom, please explore these helpful and quick [videos](#). [Here is a video that details how to join a Zoom meeting](#). Zoom can be used on a desktop, laptop, tablet, or smart phone.

And/or if you would like a buddy to help you learn and use Zoom please send [Danielle](#) our administrator an email and she will connect you to one of our willing Zoom buddies. (Note: if you do not want to download the Zoom app, you can always use the provided phone number to access the virtual program.)

Realm

Realm is our secure online database. Now, more than ever, Realm will help us connect in a secure and efficient manner. On Realm we can share information that the general public should not see, like links to our online Zoom programs. In addition, on Realm, you can connect directly to groups, our Board, and our Staff. If you are not already engaging on Realm, please follow [these instructions](#) to engage. And/or if you would like a buddy to help you learn and use Realm, please send [Danielle](#) our administrator an email and she will connect you to one of our willing Realm buddies.
